## REMINISCENCES OF OUR PIONEER DAYS

### Gleanings From the Records Left By Men Who Laid the Foundation of Our County.

What was undoubtedly one of of the most serious natural calamities from which San Mateo county has ever suffered occured on the 13th of November, 1880—or rather had its origin on that date, for the destruction continued for practically a full week, during which time many thousands of dollars worth of property was destroyed and the business of a numerd of men practically ruined. Fire in any case is a dangerous and stubborn enemy, but when it occurs in a forest of timber its terrors can hardly be imagined by any but those who have experienced its effects. This dread enemy of the lumberman it was that wrought the destruction at htat time and laid waste one of the most prosperous sections of the county. As is too often the case with catastrophies of this character, the fire had its origin in the carelessness of a man employed in the woods and thus one who should have known better. Shortly before 9 o'clock on the fateful morning a wood chopper employed on the ranch of Borden & Hatch, near Pharris' shingle mill on the Purissima, set fire to a lot of brush simply because it was in his way and he thought this the easiest manner to get rid of it. The fire burned until noon without attracting particular attention. Then it was noticed to be spreading rapidiy and the mill hands and wood choppers from all directions were summoned to fight its progress. Their efforts proved of but little avail, and for a full week the flames spread on their path of destruction, seemingly ceasing only when they found othig further to devour. On Saturday night the fire surrounded the Pharis mill and this propertw barely escaped destruction by the effective work of the employees and neighbors, all of the surrounding timber being burned. On Sunday the Borden & Hatch ranch of about 1500 acres of fine oak timber was burned over. While this timber was not entirely consumed, the damage was enormous from the fact that its product of tan bark was ruined for many years. On Sunday night the flames turned for another attack on the Pharis Mill, which this time was saved from destruction by the heroic action of a woman. Mrs. Bixby, whose home was at the mill property, when she saw the danger surrounding the building climbed to the roof and with the aid of some Chinamen who were at hand and whom she formed into a bucket brigade, she managed to extinguish the sparks as they lit on the roof. The flames approached within but a few feet of the building and the heat must have been intense, yet Mrs. Bixby maintained her post and kept up the fight. During Sunday night and Monday the flames spread slowly but surely over the surrounding contry, an Monday evening reaching a little Hamlet known as Grabtown, where nearly everything was destroyed, including 1,200 cords of wood which had been held there awaiting hauling to market. During the following two days the fire ing the following two days the fire seemed to be gradually dying down, but as frequently happens during extensive forest fires, on Thursday a furious gale sprang up, carrying cinders in all directions and causing the flames to leap over long spaces of apparently clear ground where it had been supposed there would be no danger of it spreading. During this gale the fire spread rapidly over the surrounding country until all of the gich of the Purissima creek and its tributaries were included in the area of destruction. On Friday the flames crossed the summit and had worked into the Bear Gulch section. It was not until a full, week had passed that the fire gradually burned out seemingly for want of further materiall upon which to feed. Every resident and property owner of the section suffered severe loss and the total destruction was estimated at nearly half a million of dollars, while there were several narrow escapes from death in the flames.

## GETTING READY FOR THE NEW CITY HALL

### City Council Inspects Designs for Proposed Municipal Structure.

All of the trustees were present at the meeting of the city council last Monday evening, which in many respects may be classed as one of more public importance than any in at least seeral months, thev first steps being taken in two important public enterprises—the building of the new city hall and the construction of a comprehensive system of local street railroads. The designs submitted for the city hall are on exhibition at the real estate office of H. C. Tuchsin, where they will remain during the next week and the public may aid the trustees with their judgment and criticism.

The usual monthly reports of the city officers were submitted and approved. These reports show the receipts of the city for the month to have been as follows:

| | |
|---|---|
| Fines | $ 150 00 |
| Water Collections | 1059 60 |
| Liquor licenses | 2500 00 |
| Miscellaneous licenses | 243 00 |
| Roller hire | 6 00 |
| Water connections | 70 00 |
| Sewer connections | 2 50 |

The report of Treasurer Towne shows the general fund to be overdrawn $2,705.87. The expenditures from this fund for the month amounted to $1,983.39. In the library fund there is a balance of $949.91.

Poundmaster Cofiori reported that during the month he had impounded 33 dogs, of which 18 had been killed and 10 redeemed, while 5 were still in pound awaiting claimants—or execution. During the month Clerk Plump issued 44 dog licenses.

Mrs. Mary. Read, chairman of the lunch committee of the Woman's Club flower show, petitioned for the use of the old kindergarten building for Saturday afternoon, May 5th, for the purpose of serving the lunch which is to be a feature of the affair. On motion of Trustee Hynding the permit was granted, with the proviso that it did not interfere with other parties to whom the use of the place had been previously granted.

A communication from Secretary A. Kincaid of the Board of Trade asked that the City pay $25 per month toward the salary of special night officer Lorton. It was explained that the communication had been written before the council had taken action on the appointment, and with the understanding that the officer would be paid by the city as soon as the condition of the funds would warrant, the letter was placed on file.

A communication was presented from H. A. Carroll, of San Francisco, propounding a number of inquiries as to the scope of work in local improvement district and urged for a second time that Main street be opened through to the County road. The clerk was directed to give such information as was possible and to inform Mr. Carroll that it was still the desire of the trustees to extend Main street as soon as necessary arrangements could be made with the property owners affected.

The Spring Valley Water Company asked that they be supplied with copies of the city assessment blanks that they might prepare assessment statements. Clerk Plump reported that the blanks had not yet been received from the printer and that the water company would be supplied as soon as they were received.

In accordance with the determination expressed at the last meeting, a resolution was adopted modifying the limits of street improvement district No. 16 so as to permit of a more substantial and modern improvement of that portion of Main street lying anorth of the present asphalt pavement, and it is probable that this will be made to correspond with the remainder of the street. The resolution approves the plans with this modification and orders the work done and the assessment levied.

An ordinance was introduced and read for the first time providing for the closing and abandonment of certain streets in the Wooster, Whitton & Montgomery subdivision of Redwood Farm. The streets officially closed are portions of McKinley avenue, Davis, Cleveland, Blaine and Adams street, south of Roosevelt avenue none of which have actually been used.

A petition was presented from Edw. F. Fitzpatrick for a franchise for an electric street allway for this city, a full account of which will be found in another column. In order that ample time might be given to the subject, consideration of the petition was laid over until next Monday evening whe an adjourned meeting will be held for that purpose.

On motion of Trustee Sampson, Charles B. Barton was appointed as plumbing inspector to enter upon his duties at once. City Clerk C. Plump was directed to have printed the necessary blanks for the use of the plumbing inspector's office.

General business having been disposed of, the council now prepared to devote a time to the inspection or designs for the new city hall. That the prize of $300 offered had proved an attraction to architects is evidenced by the fact that no less than ten different designs were submitted by as many architects, all with one exception being San Francisco men. The sole exception to this rule being G. F. Walker of this city. Designs submitted were by the following architects: Grim & Scott, H. A. Thomsen, G. F. Walker, Loring F. Rixford, Chas. Ed. Hodges, Curtis Tobey, Edw. A. Schumacher, Thomas M. Edwards and E. P. Antonovich. Under the rule of the contest the selection of a design from those submitted is not to be finaliy made until the next regular meeting, May 1st

## SUPERVISOR BOARD IN REGULAR MEETING

### Unsal Grist of Routine County Business Receives Attention.

The board of supervisors held an important meeting last Monday and transacted considerble business.

A communication was received from the Auto Car Dealers' Association of San Francisco protesting against the alleged lack of discrimination used by the motor policemen in making arrests for speeding in the First, Second and Third townships, and also against the slow speed of four miles per hour permitted in crossing bridges. The association pledged its co-operation in enforcing the law in this county.

The communication was accepted and ordered fided.

The patrolmen reported as follows:

George Lowans, First township—Worked 14 days; six arrests; 4 convictions;, 2 cases pending; fines paid, $65.

M. F. Brown, Second township—Worked 14 days; nine arrests; 7 convictions; 2 cases pending; fines paid, 105.

T. A. Martenstein, Third township—Worked 15 days; 2 arrests, both pending in Judge Lampkin's court.

John O'Farrell, superintendent of the courthouse grounds made the following report of the expense of filling the grounds: Teams, $475; workmen, $112.50; 1341 yards of loam, $268; total, $855.50. Saving to the county over contract price, $485.50.

Eighteen double or erroneous assessments were reported by the tax collector and the same were ordered canceled.

Claims amounting to $100, rewards due to Charles B. Gregory for arresting automobile lawbreakers, were tansferred from the General fund to the Salary fund on motion of Brown, seconded by Casey.

John F. Davis, justice of the peace of the First township, was granted permission to install a telephone in his office.

Mr. Davis, as city attorney of Burlingame, reported that there was due that city from the First Road district, on account of the annexation of Easton, $1542.09.

The matter was submittted to Supervisor Casey to be reported on at the next meeting.

The clerk informed the board that the annexation of Easton to the City of Burlingame had so disarranged the election precincts of the First township that a new survey would be necessary at once to permit of the registration of voters.

It was ordered on motion of Brown, seconded by Casey, that the surveyor make the necessary changes in the precinct boundaries, assisted by the clerk.

Brown called attention to the failure of the City of Hillsborough to keep its promise to pay $7000 yearl into the county treasury for the benefit of the second road district, Only $2000 had been paid and their was a defecit of $5000. A demand was made for the money bu no attention was paid to the communication. C. M. Morse said that he attended the last meeting of the Hillsborough council and no communication had been received up to that time.

Mr. Swart stated that the contract of the Hillsborough people was an unequivocal promise to pay the county a certain amount of money each year for a stated time. He believed that they would live up to their promise.

On motion of Brown, seconded by Casey, the matter was referred to the district attorney to be reported upon at the next meeting.

Casey informed the board that the swill and garbage ordinance would go into effect on the 18th of April and that he did not like to enforce it until such time as the hog raisers had disposed of their pigs. District Attorney Swart was not disposed to work any hardships on the hog raisers and would not enforce the law if the owners showed the proper spirit in disposing of their stock.

The district attorney stated that it would be in accordance with law for the board to have the funds of the Easton lighting district transferred to the City of Burlingame since that district had been annexed by the latter city.

Mr. Newbert, representing the Pacific Gas and Electric Company, which corporation is furnishing current for lighting the district, stated that he had discussed the matter with his legal department and had been informed that it would be impossible to give a release of contract to the county as the company was not dealing with the county but with the lighting district. He said that all of the district's bills had been paid up to January 1st.

The report of the district attorney was accepted and it was ordered, on motion of Brown, seconded by Francis, that the sum of $308.75, balance remaining in the lighting district, be transferred to the City of Burlingame.

McEvoy complained that the United Gas and Electric Co. was erecting poles and stringing wires on the county road leading to Woodside without the board's permission. He wants the company to string their wires that they would not hang over the driveway and thus endanger life. Ahe matter was left to McEvoy to adjust.

McEvoy stated that he was anxious to improve the Walsh road but could not secure the services of the county surveyor to lay out the road. He wanted to know when the surveyor would be able to do the work. The official was instructed to begin work on the road on Monday April 24th.

McEvoy stated that he was not ready to recommend the appointment of Charles Cofiori as poundmaster of the Third district and was granted further time.

The district attorney stated that he had ascertained that the alley at Belmont which, according to the complaint of P. L. Archibald, had been blockaded, had never been accepted by the county. It belonged to the Janke estate and as far as he had been able to learn, was still in that estate.

The clerk reported that he had been notified, in answer to his letter, that the railroad company would repair the crossing at the Middlefield road.

The Abstract of Title Company made an offer of $5 for a filing cabinet in the courthouse that is to be discarded. The offer which was written, was filed for future reference.

Brown called attention to the damaged condition of a table in the law library, recently supplied by the H. S. Crocker Company, and on his motion, seconded by Casey, the clerk was directed to notify the company to supply another table in good condition.

The clerk was directed to publish an advertisement for bids for printing the delinquent tax list.

Plans for three concrete bridges in the First district and one in the Fifth district were presented by Surveyor Neuman, and the clerk was directed to publish a notice calling for bids for their construction.

The chairman was authorized to purchase two bicycle racks for the courthouse grounds.

### S. P. Wants New Trial

The Southern Pacific Railroad Co. has filed a notice of intention to move for a new trial in the condemnation suit of the Southern Pacific Company against John J. Doyle and others. The grounds for which a new trial will be asked are, excessive damages awarded under influence of passion and prejudice, insufficiency of evidence to warrant the jury in rendering such a vrdict verdict against law errors of law occuring at the trial and excepted to by plaintiff. The company recently brought the suit to condemn ten acres of a right of way at Menlo Park owned by J. J. Doyle and others and the jury sitting in the case brought in a verdict awarding defendants $10,000 an acre for the land.

### Family Club to Improve.

The Family Club has purchased fourteen acres of land adjoining their holdings from the Kelly brothers. This completes the purchase of all the low lands of the Kelly ranch at Portola. The club proposes to make some vast improvements during the coming summer on their property.

# CITY MARSHAL COLEMAN MAKES CLEVER CAPTURE

## Man Wanted On Serious Charge is Arrested by Local Officers

Town Marshal James P. Coleman made a clever capture Thursday when he arrested Henry Pease in this city. The officers were notified in the afternoon by the sheriff of Santa Cruz County that Pease had shot a man and woman near Watsonvilleand after the shooting left on the north bound train. Pease was raised in this city and at once made his way here. He got off the train at Palo Alto and walked into town and went to the home of his brother, Val. Pease of this city. Coleman accompanied by Deputy Sheriff Shields surrounded the house. The marshal entered the rear of the building and captured Pease as he was about to escape and before he could make any resistance Coleman handcuffed him. Much credit is due Coleman for the arrest of the young criminal who is known to be a bad man and would shoot if he had the least opportunity. Pease, who has been employed in a lumber camp in the Santa Cruz mountains, not far from Watsonville, had a quarrel on Wednesday with Lena Espinosa, with whom he had been living, and turned a rifle on her shooting her through the thigh. Her father was shot in the stomach. Following the quarrel Wednesday the girl went to the lumber camp where her father is employed. Pease followed her and the shooting resulted. The wounded girl was sent to her mother's home in Gilroy and her father was brought to a hospital at Watsonville. The old gentleman cannot live and his death is expected at any moment. The constable from Watsonville came up yesterday morning and took Pease back with him. Pease is a son of Antone Pease of this city and was raised here and spent most of his life in this community. He has always borne a bad reputation, being mixed up in several escapades and spent some time in the county jail on various occasions.

# SEQUOIA HIGH SCHOOL CLASS SCORES SUCCESS

The production of "A Scrap of Paper" by the Class of '11 of Sequoia High School at the Alhambra on Tuesday evening was greeted by a full house, and the students well deserved the splendid reception which they were given. The play selected was a splendid comedy in three acts, well calculated to display this histrionic abilities of those who undertook the production, and one calculated to keep an audience in the best of humor all the time. All of the parts were well cast, each of those participating displaying an apitude for the character selected as well as a studious commission of the lines not always seen in an amatuer production.

### Mass Meeting Here To-day.

Don't fail to attend the meeting of the Development Association in the courtroom this afternoon. Every businessman should attend and help make the meeting a success. Much business of importance will be transacted by the delegates and good rsults are sure to follow. The association is doing good work in advertising and developing the resources of the county and it should receive every encouragement from the businessmen and property owners.

# STREET RAILWAY FOR REDWOOD CITY

## Modern System of Local Electric Lines to be Controlled by Home Capital

## WILL CONNECT WITH WOODSIDE

### Council is Asked to Grant Franchise for System to Connect With Factory Districts.

An enterprise which promises to mark a most important epoch in the history of Redwood City, one that will mark the passing of the city from a rural community to a place of metropolitan aspirations, was fairly launched last Monday evening with the presentation to the city council by Judge Edw. F. Fitzpatrick of an application for a franchise for a system of local electric street railways. This step means much to the future upbuilding of the city, for no one, or even no combination of public utilities can do more for thepromotion of the business interests of a city or add to its attraction for residents than a comprehensive system of street railways providing rapid and convenient transit.

Another important feature of this enterprise is shown in the statement, certainly authoritive, that is the positive design of the promoters of this enterprise to reach out for suburban connections. In the provision of a rapid and convenient means of connection with the center of this city for the people of the prosperous section of Woodside, much will be done to aid in the rapid building up of this tributary to Redwood City and to bring the trade of that section to our local merchants.

Another important part of the matter is the announcement that it is the design of the promoters that the road shall be controlled by home capital. This clearly indicates that Judge Fitzpatrick and his conferrees have confidence in the future of Redwood City, and faith that the business men of the city will not hesitate to back a legitimate public enterprise with their money.

In the application the term of life of the franchise is placed at 50 years, and with one small exception the right to operate a double track road of standard guage is asked. While apparently the design is to construct an electric road, the petition asks for the right to operate with either electricity, gas or gasoline motors or horse power.

The route over which the system of roads is proposed to be operated is described in the application as follows:

Beginning at the southwesterly extremity of Redwood avenue, at the charter line of said Town of Redwood City, thence northeasterly along the entire length of said Redwood avenue to the County Rord; thence crossing the said County Road to Mound street; thence along said Mound street to Main street; thence northerly along said Main street to Holder street.

Also commencing at the intersection of Mound street and Chestnut street, and connecting with the tracks on Mound street; thence northerly along said Chestnut street to the northerly line thereof (except that said franchise and privilege along said Chestnut street from Heller street to the northerly line of Chestnut street shall be for a single track only.)

Also beginning at the easterly extremity of Holder street and extending thence westerly to Main street, and connecting with the track on Main street; thence East Bradford street to the lift bridge across Redwood Creks thence across said bridge and along said East Bradford street to Washington street; thence turning into Washington street and southerly along said Washington street to Center street; thence turning into Center street and along said Center street to Main street and connecting with tracks on said Main street.

Also commencing on the northeasterly line of the Southern Pacific right of way at Broadway, and thence Easterly along said Broadway to Main street, connectingwith tracks on Main street and Washington street.

In the petition it is agreed that if the franchise is granted as asked for the road is to be constructed within the time provided in the general law under which it is applied for, and that it is proposed to connect the road at the westerly extremity of Redwood avenue with a line running to Woodside, the greater portion of the right of way for which has already been secured. It is also provided that no portion of the road shall be used for freight purposes, with the exception of that portion on Redwood avenue, Chestnut street and the connecting link between those two on Mound street. It is also proposed that the purchaser of the franchise shall, in addition to the amount paid the city for the franchise, shall be required to bear the expense of making the necessary fills in Center street, as the extension of Phelps street is now known.

In presenting the application for the franchise Judge Fitzpatrick evinces a disposition to deal openly with the public as to his designs. He fairly states that it is not his intention to hold the franchise for himself, but to assign it to a corporation yet to be formed. This corporatin it is designed shall be a popular one of local capital and that the stock will be open to all who may desire to purchase.

That Judge Fitzpatrick has confidence in the future of the city and the public benefit to follow the building of the proposed road is shown in the following extract from his application:

"As a financial venture the petitioner does not believe the business of said proposed railroad will in the immediate future provoke heavy results, but if the people generally interested in the welfare of Redwood City and the Woodside country will take part according to their means in the construction and ownership of said railroad they will be remunerated in the increased values of their property and the new life which will be infused into the business of the community, and unquestionably the future will discove that the road will bring in fair returns upon the money invested."

The trustees will meet next Monday evening for the purpose of considering the terms of the proposed franchise.An opportunity will thus be offered for the presentation of any suggestions the public or those interested in this important matter may have to make.

Miss Margarit Willard has been unable to attend to her duties as teacher in the primary department of the Woodside school all week and her place has been taken by Miss Hazel Winter of the Stato Normal School at San Francisco.

# WODSIDE YOUNG PEOPLE FORM LIFE PARTNERSHIPS

### Two Pretty Weddings are Celebrated in Country Homes.

At the residence of the bride's parents at Woodside, Sunday, Apr. 16th, 1911, Mr. Fred E. Wilson and Miss Florence C. Strong, both of Woodside, were united in marriage. Rev. W. G. Trudgeon of the Methodist church of Redwood City officiated. The decorations were ferr and lillies. The bride was gowned in pure white. Only the immediate relatives of the young couple were present. Mr. and Mrs. Wilson will make their future home at Woodside. We wish them a happy and prosperous life together.

A pretty home wedding was solemnized on Easter Sunday at the home of Mr. Casper Brog on the Woodside road near Redwood City, when his charming daughter, Miss Vera Brog was united in holy matrimony to Robert Fagan of Santa Barbara by Rev. W. G. Trugeon in the presence of a few relatives, among them Mrs. Brown of San Jose, grandmother and Miss Emily L. Brown of San Francisco, aunt of the bride. The bride was becomingly gowned in a tailored suit of brown, with white embroidered waist. The groom wore the conventional suit of black. The parlor of the bride's home was prettily decorated in lillies and lilacs: The couple was attended by the younger sister and brother of the bride. After the ceremony a bountiful supper was served. The young couple left Monday morning for their home in the southern part of the state. May their future be as bright and sunny as the day of their union.

# NEWS GATHERED FROM THE COUNTY

## Interesting Notes Picked Up By Hustling Reporters in the Country Districts.

The High Gravity United Oil Co. has resumed drilling on its well at Tunitas Glen after a shut down of about three months caused by their inability to receive freight over the Ocean Shore railroad. When the work was shut down the drill had entered a soft formation, carrying a heavy pressure of gas. Considerabde oil of a very high gravity is now showing n the hole. Both night and day shifts are now being employed and the company is making preparations to install an electric light plant to facilitate work and to lessen danger from exploding gas.

The Ocean Shore Development Co has secured a contract for the Rivera Ocean Villa Tract, adjoining Marine View to the southeast. and will soon commence the improvement of the property preparatory to putting it on the market. This property has a fine elevation and affords a splendid view of the entire Halfmoon Bay district.

R. Martini & Co., who own a large artichoke field near Princeton, have let a contract for the drilling of a welll several hundred feet deep on their ranch. Should this well prove the success that is anticipated several others will be drilled.

The election for town trustee at Burlingame resulted in hte choice of G. J. McGregor by a small majority. Friends of both candidates made an active canvass and a large vote was called out.

In spite of the precaution of a burglar alarm attachment, the telephone box at the Burlingame depot was robber for a second time last week. The burglars were evidently aware of the existence of the alarm attachment as the wires were cut. It is estimated that about $8 was obtained from the box.

An early morning fire last Sunday completely destroyed two valuable bungalows at Burlingame. The fire started in the home of A. F. Boles and had gained a good headway before any of the family were awakened. Spreading from there the fire communicated to the bungalow of C. M. Lapp, which had just been completed and not yet occupied. The total loss approximates $12,000.

R. M. Dailey of San Mateo is evidently convinced that there is such a thing as a plumbers' trust, even in that town, and has a strong suspicion that the city authorities are being used to boost that trust through the medium of a "plumbing ordinance." Although he had paid the city $25 for a plumber's license, he was compelled to plead long with the council before he was permitted to do the work on his own house.

The city council of Burlingame has granted E. O. Dunbar a license to do a wholesale liquor business in the recently annexed Easton territory.

Parties interested in the moving picture business are endeavoring to secure a location for a show house at Burlingame. It is now expected that parties will be induced to erect a building for their purpose.

The members of Halfmoon Bay Aerie are making preparations to give a royal welcome to the visiting delegates to the Eagles' county convention at that place next Sunday afternoon. They intend to treat their guests to a fine mussel stew, something they don't get every day.

### Belmont.

The first game of the Belmont baseballl club resulted in a victory by a score of 12 to 5, their opponents being the S. P. Regulars of the Flood Building. Next Sunday they will play the Beat Alls on the home field.

Miss Caldwell has the sympathy of the community in her sad bereavement.

The big United States dredger is doing splendid work in the creek at the end of the deep water road in widening and deepening the channel. It continues its work night and day. In the evening the dredger is light up with a myriad of electric lights giving all the appearance of a floating hotel. The appropriation made by the last congress of $13,-000 will soon be exhausted but it is thought another substantial appropriation will be made to continue the good work. Congressman Hayes will make a determined effort at the next session of congress to secure a large appropriation, in fact enought to complete the work.

### Brown's Salary Bill Signed

The county government bill regulating the salaries of county officials has been signed by the governor and has become a law. It is generally approved by the taxpayers who believe that their servants should receive a fair compensation for their work. The bill was framed and put through legislature by Assemblyman Henry Ward Brown, who labored untiringly for the measure. Mr. Brown is a fair minded man who believes that the laborer is worthy of his hire. Brown was also instrumental in getting other important measures passed. He certainly deserves well at the hands of the people of San Mateo county.

# REDWOOD CITY TEAM WINS IN FIRST GAME

## Local Baseball Players Show Strong Lineup for New Season

The first baseball game of the season was played on the Dingee Park grounds last Sunday and was witnessed by 500 fans. The Redwood City Band furnished music for the fans which was highly appreciated.

The local team started out with a shutout to its credit by defeating the J. U. Winniger team of San Jose by a score of 7 to 0. The features of the game were the pitching of Ross, who retired 11 men by the strikeout route, and the batting of Becker, who made three hits, one of which he drove through the fence for three bags.. Al's sweedy running enabled him to stretch the double into a three bagger. Any other man on the team would have been lucky to reach second base, but Al is there when it comes to base running.

Ralph Mangels, the local boy who is just breaking into the game, distinguished himself by making a pretty single and making one of the neatest running catches ever made on the local field.

Henry Beeger was there with the indicator and managed to get through with the game without being mobbed. It was Henry's first attempt at umpiring in fast company and the fans will excuse his decision in calling Ganong out at 3d when he was safe a mile. Henry had his eyes toward Menlo. He will not officiate with the indicator next Sunday on account of his poor work. He will be seen in uniform and then look out Al or you wont win the batting trophy.

The local team looks strong and many good games will be seen on the home diamond this year. The game for Sunday is with the Sullivan Stars, a fast aggregation from San Francisco, composed mostly of the ex-Barney Frankel team, a nice bunch of fellows and good ball players. Remember, go to the game tomorrow and your presence will help to keep the game going and make an amusement place for the summer and boost Redwood throughout the state. Bob Bowie contributed a trophy for the best batting average and Fred Lipman has contributed one this year.

# LOCAL AVIATOR MAY FLY OVER COURTHOUSE DOME.

Clarence Walker, who was declared the youngest successful aviator in the world by Eugene B. Ely the famous birdman, has completed all arrangements for the meet at Ravanswood Sunday, when he will fly under the auspices of the Peninsula Railway Company.

Crowds of people from all the cities and towns of the peninsula will go to Ravenswood to see the young birdman make dips and dives in his Curtis biplane. The other feature of the meet will be a baloon ascension and parachute drop by Frank Hamilton, the celebrated baloon-man

Walker and his managers, D. A. Raybould and J. D. Bromfield, held a meeting yesterday with Superintendent W. H. Yount and the excursion manager of the Peninsula Railway Company, who have charge of the meet, and all arrangements are completed. Nothing will prevent the flight but a sudden storm.

### Walker Will Fly Sunday.

Clarence Walker, the daring young aviator who flew his biplane over Redwood City twice last week, has arranged with the Peninsula railway company to give several exhibition flights at Ravenswood next Sunday afternoon. A big crowd will go the three miles to Ravenswood to see the meet. There willl be a small admission to the

# Assessor's Instructions

## To Owners of Real Estate and Personal Property.

The law requires each and every person who ownes any class of property to annually, during the months of March, April or May, file a statement with the Assessor or his deputy in the county where his property is located. You should give a statement of all property owned by you on the first Monday in March at 12 o'clock m.

If you hold mortgages against others send in a mortgage statement showing amount due on each mortgage on the first Monday in March ot 12 o'cfock m.

No change can be made by the Assessor after he turns over his books to the Board of Supervisors on the first Monday in July. The Board then sets as a Board of Equalization during the month of July.

Remember, if you fail to give in your assessment you fail to comply with the law and may cause yourself. the Assessor and Tax Collector much trouble, and very likely cause yourself expense.

It is much more satisfactory to the Assessor as well as to yourself, to have your assessment correct when you go to pay your taxes.

In the Superior Court of the State of California, in and for the County of San Mateo.

In the matter of the estate of Elena Amanda Selby, also known as Elena Atherton Selby, deceased.

Notice of time and place fixed for hearing petition of administrator for order authorizing and directing him to convey and execute conveyance to J. Kirk Firth.

Notice is hereby given that Thursday, the 27th day of April, 1911, at the hour of 10 o'clock A. M. of that day, and the court-room of the Superior Court of San Mateo County, State of California, in Redwood City, in said County, have been appointed by the the above entitled Court as the time and place for hearing the petition of Percival W. Selby, administrator of the estate of Elena Amanda Selby, also known as Elena Atherton Selby, deceased, for a decree authorizing and directing him, as such administrator, to convey, and to execute a conveyance of, the following described real property to J. Kirk Firth:

Commencing at a point in the center line of Santiago avenue, said point being distant along said center line south sixty-three (63) degrees fifty-two (52) minutes east four and seventy-seven one-hundredths (4.77) chains from the intersection of said center line of Santiago avenue with the center line of Park lane, as said avenue and lane are shown upon the map of the Quillota Tract now on record in the Recorder's Office of the County of San Mateo: and running thence along said center line of Santiago avenue south sixty-three (63 degrees fifty-two (52) minutes east four and seventy-four one hundredths (4.74) chains; thence leaving said center line of Santiago avenue and running south thirty-six (36) degrees and fourteen (14) minutes west five and fifty-seven one-hundredths (5.57) chains to the most easterly corner of the land heretofore conveyed to Ella A. Judson; thence along the northeasterly line of said Judson tract, north sixty-five (65) degrees twenty-four (24) minutes west four and forty-eight one-hundredths (4.48) chains; thence north thirty-eight (38) degrees and twenty-one (21) minutes east five and sixty-three one-hundredths (5.63) chains to the point of commencement. Being Lot 7 B of said Quillota Tract, and containing two and fifty-three one-hundredths (2.53) acres of land; and being also a part of Lot Six (6) of a certain tract in said County known as Valparaiso Park.

When and where any all persons interested in said estate may appear and contest said petition by filing their objections in writing and otherwise show cause, if any they have, why the said petition should not be granted.

Dated, March 24th, 1911.

In the Superior Court of the County of San Mateo, State of California.

In the Matter of the Estate of Jane Emiline Stafford, also known as Emiline J. Stafford, deceased. No. 1416

Order to show cause why administrator should not be granted leave to sell estate of said deceased.

Thomas Stafford, the administrator of the estate of Jane Emiline Stafford, also known as Emeline J. Stafford, deceased, having presented to the court in the above entitled matter his varified petition praying said court for an order of sale of all of the estate of said decedent both real and personal, and it appearing, to this court from such petition that it is necessary and that it will be for the benefit and best interest of the estate and those interested therein to sell the whole, or some portion of the estate to pay the debts of said estate and the expenses and charges of the administration thereof, and that it is for the advantage, benefit and best interest of said estate to all sell of the property thereof, and for the purposes and reasons mentioned and set forth in said ptetition, to which reference is hereby made and the same made a part thereof for futher particulars.

Now Therefore, it is ordered that said petition be filed and that all persons interested in said estate appear before this court at the court-room thereof, at the courthouse in Redwood City, county of San Mateo, state of California, on Thursday the 27th day of April, 1911, at the hour of ten o'clock a. m. to show cause, if any they have, why the prayer of said petition should not be granted an order made granting to said administrator the right to sell so much of the estate of said decedent as shall be necessary and for advantage, benefit and best interest of said estate and those interested therein, at either public or private sale; and that a copy of this order be published for at least four successive weeks before said day of hearing, in the Times-Gazette, a newspaper of general circulation published in said county of San Mateo, State of California.

Done in open court this 23rd day of March, 1911.

GEO. H. BUCK,
Judge of said Superior Court.
[Endorsed] Filed March 23rd, 1911.
